

IP Paris Doctoral School

Enrollment / Re-enrollement Procedure

Step 1

Login to the ADUM platform at <https://www.adum.fr/>

Important

You must submit the required documents in a chronological order as a single PDF file in the tab marked *document à joindre* (ADUM). If your file is incomplete, it will be automatically rejected by the Doctoral School. Documents may be drafted in French or English.

Important

Any academic year started is due (total registration fees, not pro rata) regardless of the thesis start date. The period of an academic year is from 01/09 to 31/08 of the following year and re-registrations must be made between 01/09 and 30/11 even if the thesis has started late. 4th year doctoral students who will defend their thesis before December 31st do not have to re-register, nor pay the CVEC contribution, nor pay the tuition fees.

After the academic and administrative validation of your registration request and payment of the registration fee (391 euros), you will receive a registration confirmation email from the Institut Polytechnique de Paris, a school certificate will be available in your personal space on Adum.

Each student receives a student card for the school year. With this card:

- you have access to all buildings on Palaiseau and Evry's campus
- you can pay your meal at the campus restaurant via your Izly account

Collect your student card from the institution that hosts your research laboratory.
